GitHub

Summary

Computer Science student passionate about Full Stack Development, AI, and Real-Time Applications. Experienced with React, Next.js, Node.js, MongoDB, REST APIs, and Socket.IO. Interested in scalable systems, backend optimization, and modern web technologies.

Education

Cairo Higher Institute (CHI)
B.Tech in Computer Science

2022 – Expected 2026
New Cairo, Egypt

- Focused on software development, AI, and modern web technologies
- Strong foundation in algorithms, OOP, and data structures
- Participated in robotics activities and technical workshops

Experience

Cairo Higher Institute (CHI)
Robotics Team Member

University Program
Cairo, Egypt

- Designed autonomous line-following robots using Arduino and sensors
- Achieved 4th Place in the university robotics competition
- Worked on embedded systems and real-time control algorithms

Projects

Thalorix Web Platform | Next.js, TypeScript, Node.js, MongoDB

- Developed a scalable full stack web platform using Next.js and TypeScript
- Implemented authentication, API integration, and backend optimization
- Built responsive dashboards and reusable UI components

RealChat | React, Node.js, Socket.IO

- Built a real-time chat application using Socket.IO and Express.js
- Implemented event-driven communication and live user sessions

OCR System | Python, ML, Computer Vision

- Developed a machine learning system for text extraction from images
- Applied preprocessing and character recognition techniques

Optimized Registration System | Node.js, MongoDB

- Built a secure authentication system with optimized database queries
- Implemented validation and backend performance improvements

Skills

Technical Skills

Frontend: React.js, Next.js, HTML5, CSS3, JavaScript, TypeScript

Backend: Node.js, Express.js, NestJS, PHP, Laravel

Databases: MongoDB, MySQL, SQL

Languages: C++, Python, JavaScript, TypeScript

Tools: Git, GitHub, Socket.IO, REST APIs, JWT, Arduino

Concepts: Full Stack Development, Real-Time Systems, AI/ML, OCR

English Level: Intermediate (B1)

Professional Skills

- Leadership & Time Management
- Problem-Solving & Critical Thinking
- Effective Communication
- Interview & Job Application Skills
- Teamwork & Collaboration
- Project Management

Achievements & Certificates

- Full Stack Development Certificate – RaiseUp Academy (2024)
- AI & Machine Learning Training – Deep Learning Concepts (2025)
